≡ Description   Edit

This test will verify the functionality of the wins losses section.

Steps:

1. Load Game by Refreshing Page
2. Click Draw to draw 5 robot cards
3. Choose 2 cards that you feel will win the game
4. Confirm that if you win your win totals increase
5. Confirm that if you lose, your losing totals increase.

Test Postconditions:

- The correct totals should display for both wins and losses
- The correct alerts show
